

## **ROUSE HILL HIGH SCHOOL** **DROP-OFF AND PICK-UP ZONES**

*The P & C Traffic Committee would like to request your assistance in easing the traffic congestion and the potential danger to our children during the peak times of 7.30am – 9am & 2.30pm – 4pm Monday – Friday.*

*Please be aware of the guidelines listed below to make it easier and safer for everyone to get to and from school.*

**A.** When dropping or picking your child up from the gate, please move to the furthest space available (as indicated in the diagram). If everyone can pull up as close to the curb as possible and re-enforce to your child to exit the vehicle from the left hand side of the car – there is plenty of space for other vehicles to pass. If we can follow this guideline there is room for at least 5 – 6 cars to drop/collect children at the same time. This will also ease the congestion of traffic entering from Withers Rd as there will be a reduced need to wait in line to drop/collect children.

**B.** If you need to turn **LEFT** on Withers Road after dropping/collecting your child – please use the additional AFL carpark exit.

**C.** There is a set down area as you exit onto Withers Rd – if you choose to drop your child here **PLEASE** make sure they walk along the footpath to the bottom of the roundabout and access the school gate from there. This is a much safer alternative than walking directly across the road.

**D.** Pedestrian crossing here – please be aware of children walking or riding over this crossing.

Due to safety concerns the school carpark is not available for parents to drop off or collect children from the school at any time.
